Re: In Re: Cynthia Elizabeth Blackwell
USBC WDWA 22-10102-CMA

Dear Judge Alston:

I have reviewed the proposed order drafted by Russell D. Garrett. There were, I believe certain nuances in the Court's oral decision. Unfortunately, the audio did not become available until this morning at 6:15 a.m. I am having the Court's oral decision transcribed. After that is done, I will be able to either agree to the proposed order or submit my client's proposed order for Court review.

I anticipate having an unofficial transcript by Wednesday of next week and I will have either a proposed order or consent to the entry of this one by Friday, March 3, 2023

Thank you for allowing the time to be accurate.

Sincerely yours

Marc S. Stern
